Foreword

The philosophy of education upon which the Alexis I. duPont High School bases its entire program is one of preparing young people for assuming responsible positions in the community. We, the staff of the 1962 Alexis, feel that, with very few exceptions, A.I. succeeds in attaining this goal. Consequently, there exists a very warm bond between A.I. and the surrounding community. It is our purpose in presenting the Alexis of 1962 to accurately represent this bond. It is our hope that when you re-read this book years from now that you will be able to appreciate the fine job our school is doing in developing the citizens of the future.

CROSSING KENNETT PIKE

"Oh, why don't they speak Swedish around here?"

"You mean school starts tomorrow?"

FALL . . .

Even though the official school year has not begun, school activities are off to a roaring start . . . Pre-season football and hockey practice condition potential sports stars for the rigors of the coming fall . . . The AFS party provides a taste for the *fun* to come.

"And they complain about dirty uniforms!"

"Turn right at the light . . ."

"I never take the paper off."

"Let's twist again!"

Three characteristics of every school year are already apparent . . . Students with tons of books . . . Students having a blast . . . and girls gabbing. The only thing missing is a bull session.

It was a rough day!

"Let your tonne hummm downnnn . . ."

And they told us
teachers set a
good example! Humph!

Wonder what would happen if we
screamed like that, or tried to demon-
strate the twist, or brought a broom to
school?

"Oh, those messy seventh graders!"

"That's the twist? ? ?"

"The picture of vitality!"

"Seems to have missed the ball!"

Of the many highlights of the fall . . . Undefeated hockey team . . . 3 straight seasons . . . Coach Kuhn perfecting the game (hockey or golf?).

"At the drinking fountain again?"

"Here's to you, Miss Kuhn. Here's to you . . ."

"'Most any hockey team is fine with me . . . as long as you spell it A.I.D.!' Boy, did we sing that song with pride! Three years without a loss and a fourth coming up. Let's see any team top that record!"

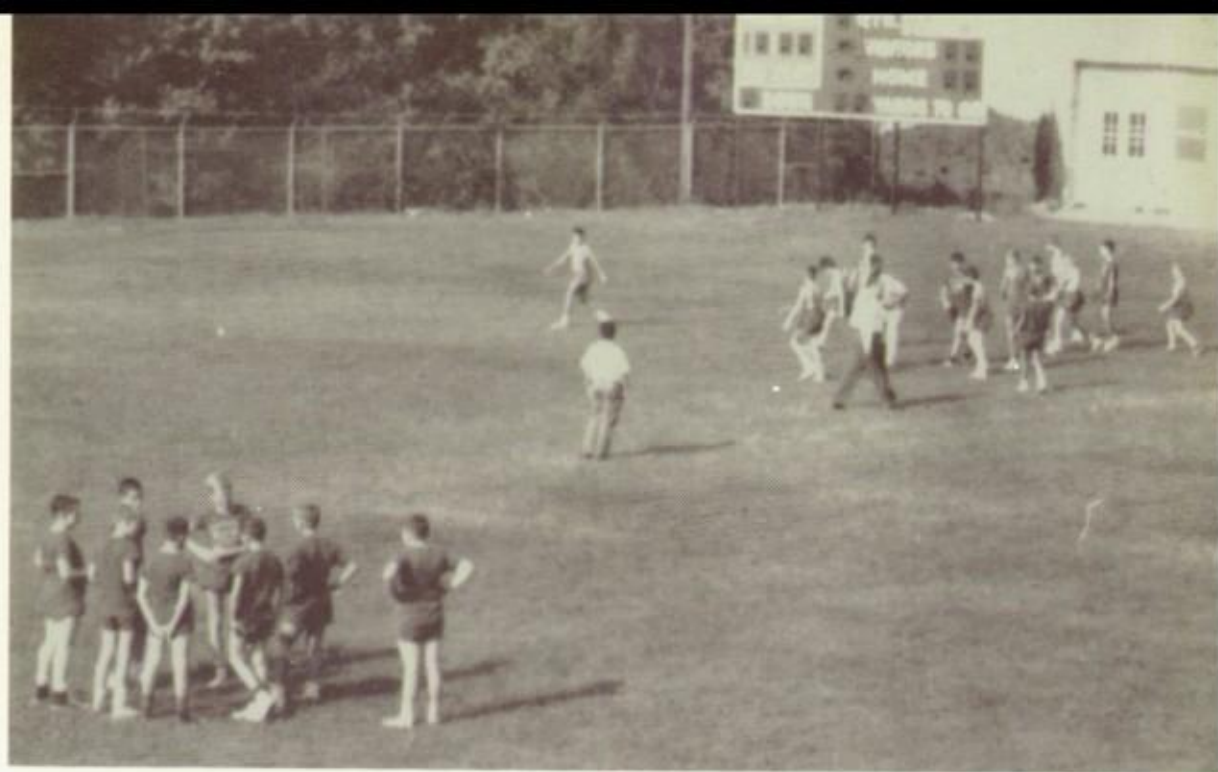

"I wonder if they'll shrink?"

"And then the rains came . . ."

"But it was a dry party!"

"All right, fellas, let's try it again."

"'Neath the spreading chestnut tree . . ."

Those lazy summer months tell their tale . . . many return to school with a spare tire around their middle and a double chin . . . a five pound gain is about average . . . but wouldn't Metrecal be easier?

"Hit 'em again, hit 'em again! Harder! Harder!"

"This time, let's really hear it! !"

"And on to victory! Beat Smyrna!"

The football season is one of the high spots of Fall. This year's team was far from an exception . . . School spirit and team skill were at an all time high . . . Everybody was bustin' out all over with pride!

"And the crowds came pouring in . . ."

"How much did you say?"

It's another first and ten!

The anxious fans.

"If only they didn't make us do calisthenics!"

Great new scoreboard complete with winning team, cheering crowd, and a proud coach.

The most anxious fan of them all.

Filled to overflowing!

Night games . . . an indispensable part of the excitement of the football season, especially this year with at least four full buses for each game . . . truly unforgettable evenings . . . for more reasons than one.

"You can't call *me* a bench warmer."

After the game was over . . .

They wouldn't even let us eat in peace!

The Harvest Ball . . . the very words spell magic for every girl from the ninth grade up . . . but to the senior girls the words hold a special meaning, for the Harvest Queen is chosen from the senior class. After a week of campaigning . . . the wonderful moment when the queen discovers she is the chosen one.

"You're kidding!"

Our queen was lovely.

The music was terrific!

Wonderful music, beautiful decorations, a lovely court . . . all in all a wonderful evening filled with wonderful memories.

A spectacular dance.

This fall was marked by an unusual and exciting event—Evaluation. Everyone from the administrators to the custodians wondered—how would A.I. stack up? We know A.I. is wonderful, but how could we convince them? Even parents were concerned . . . undoubtedly Evaluation was discussed during Parent-Teacher Night. But whatever the answers turned out to be, everyone heaved a sigh of relief when it was over!

"Hmm—a pretty good collection."

"Takes me back 30 years."

"Glory, glory hallelujah . . ."

"Meet you down at Greenville."

"Gee . . . It's pretty . . ."

WINTER...

A warm A.I. on a snowy morning looks good to cold people.

"I hate snow!"

Cold hands and stiff laces . . .

Laughter, gaiety, joy, shopping, decorating and giving, all make up the Christmas season . . . A very special time for Alexis I., filled with hallowed traditions.

A symbol of Christmas.

"Don't let go!"

"For once the crowd is not too bad!"

Tall tree . . . short girls.

Our Christmas Assembly . . .
 What could be a more wonderful way
 to tell the Christmas story than with
 the moving music of our choir and the
 stirring presentation of the Dramatics
 Club . . . and some added attractions
 this year—the Hockessin and Green-
 ville Choirs and an excellent assembly
 by the Band.

"It came upon a midnight clear . . ."

1 . . . 2 . . . 3 . . . 1 . . . 2 . . . 3 . . .

The littlest angels.

"I bring you gifts for the newborn King."

"Go to study hall!"

"Are they always this good?"

"This mouth to mouth business seems about the best!"

The winter semester means changes for many. Seventh and Eighth graders change their schedules, and health classes begin. For upperclassmen this is a semester of hard work . . . a semester in which the library is used constantly . . . for it is the time to start those term papers . . . believe it or not they're due in three months!

"No, friends, this is not a pool table."

"Here's hoping it won't explode!"

"Where did that 's' go?"

Winter is a period of worrying about things to come—namely mid-years. Typists worry because they just can't get over thirty words per minute. Physics and chem lab students are worrying about their enormous percentages of error. Language lab students are worrying about pronunciation, and those in study hall are just plain worrying! Why, oh why, doesn't this torture end?!

"Uh—what was that again?"

Mr. Barnette is still at it!

"Don't you think so?"

Winter finds the teachers no less busy than they were during the Fall . . . some of them are even acting up as much now as they were then . . . others have settled down and are working hard . . . Wonder how spring fever will affect them?

"Did I count 298 or 299?"

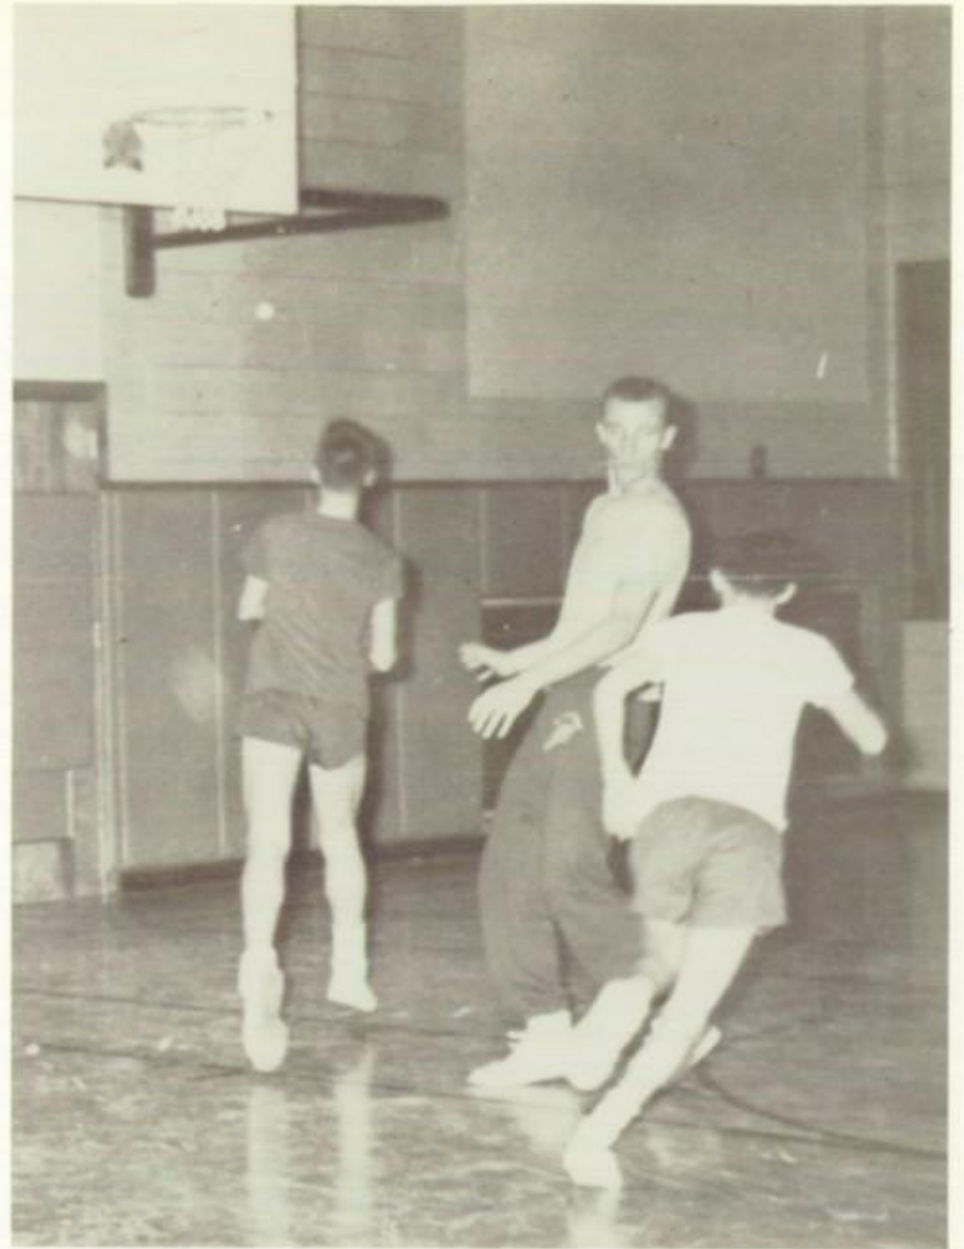

"Did it go down the wrong way, Mr. Hoopes?"

It helps if you aren't "butter-fingered."

Just because the football field is covered with snow doesn't mean the sports program grinds to a halt . . . far from it! Basketball and wrestling take full advantage of the inclement weather . . . During the second and third marking periods, the gyms are filled every single afternoon. The question at this time is, "Do we have early or late practice today?" But whatever the answer is, practice is held and games are played . . .

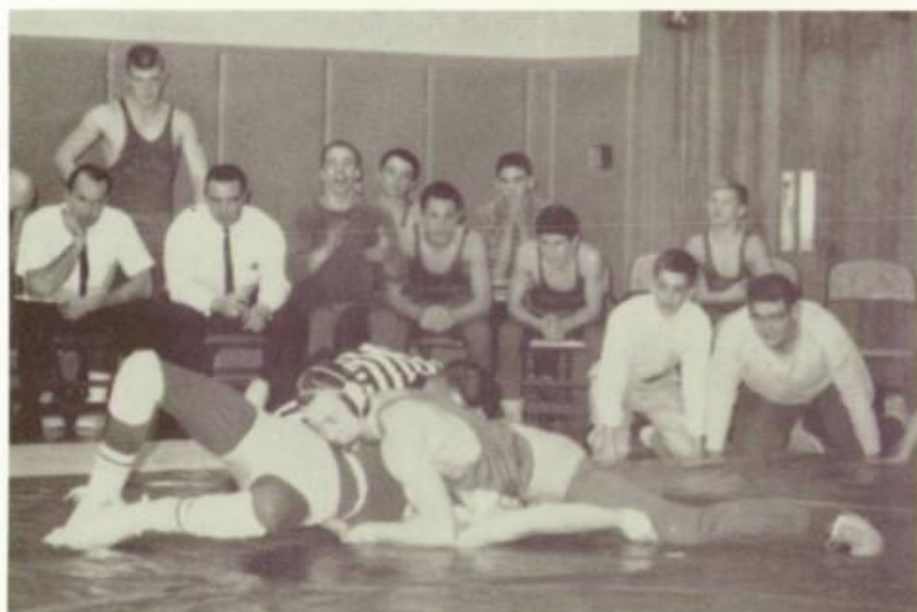

"What do you mean, where is it?"

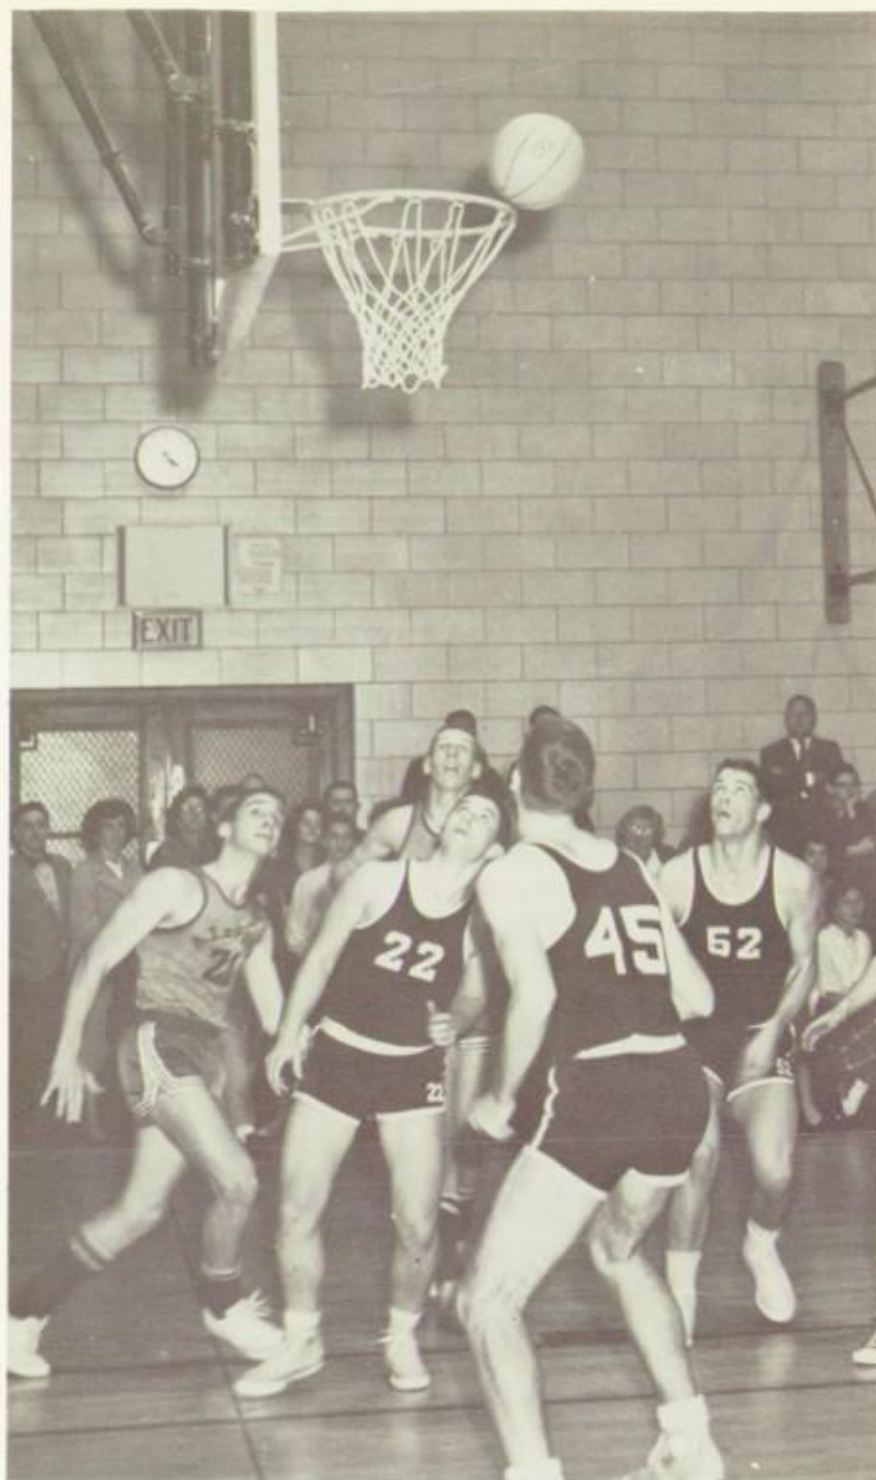

Swish!

"Let's requisition cushions."

"Say uncle . . ."

"It's what's up there that counts."

These are the games . . . the reasons we endure the gruelling practice sessions . . . nothing can ever replace the feeling of pride and satisfaction on the part of the players, coaches and fans that we know when the games end with the points in our favor because we have earned them.

F.B.I.'s "Ten Most Wanted Men."

3:15—escape!

Music to eat by.

The end of the school day doesn't necessarily mean the end of activity. There's almost always food to buy, practice to go to, or something! Some days, after school fun takes place at night . . . the Spaghetti Dinner, dances, movies, Co-Rec night . . .

Surveys show kids are hungriest after school.

"Wonder why everyone looks so mad? We thought the food was good."

"How many of you know someone who has been in an accident?"

Mid-winter assemblies and mid-winter dances . . . two more ways to have fun until the snow melts . . . for example, who can forget Sergeant Pike? . . . The on-stage Student Council meetings . . . and the Sports King and Queen Dance—such a handsome king and lovely queen . . . and such good athletes!

"Congratulations!"

"Furthermore . . ."

"Do you happen to have a Bufferin handy?"

"Where'd they find that book?"

Winter prohibits outside activities, but who cares? There are thousands of things to do . . . After all, what better ways to spend time than with a stimulating chess game, a good book—and food? !

"No credit!"

A hearty Italian welcome.

Everyone at A.I. is proud of the caliber of our faculty. This year we were given reason to be even more proud. Mrs. Benthall was awarded a Fullbright Scholarship for study in Italy, a great honor for our outstanding principal . . . another reason to be proud . . . our principal pro tem is extremely capable.

That famous (infamous?) bell!

"Work for 15 minutes, and then you can listen to the P.A."

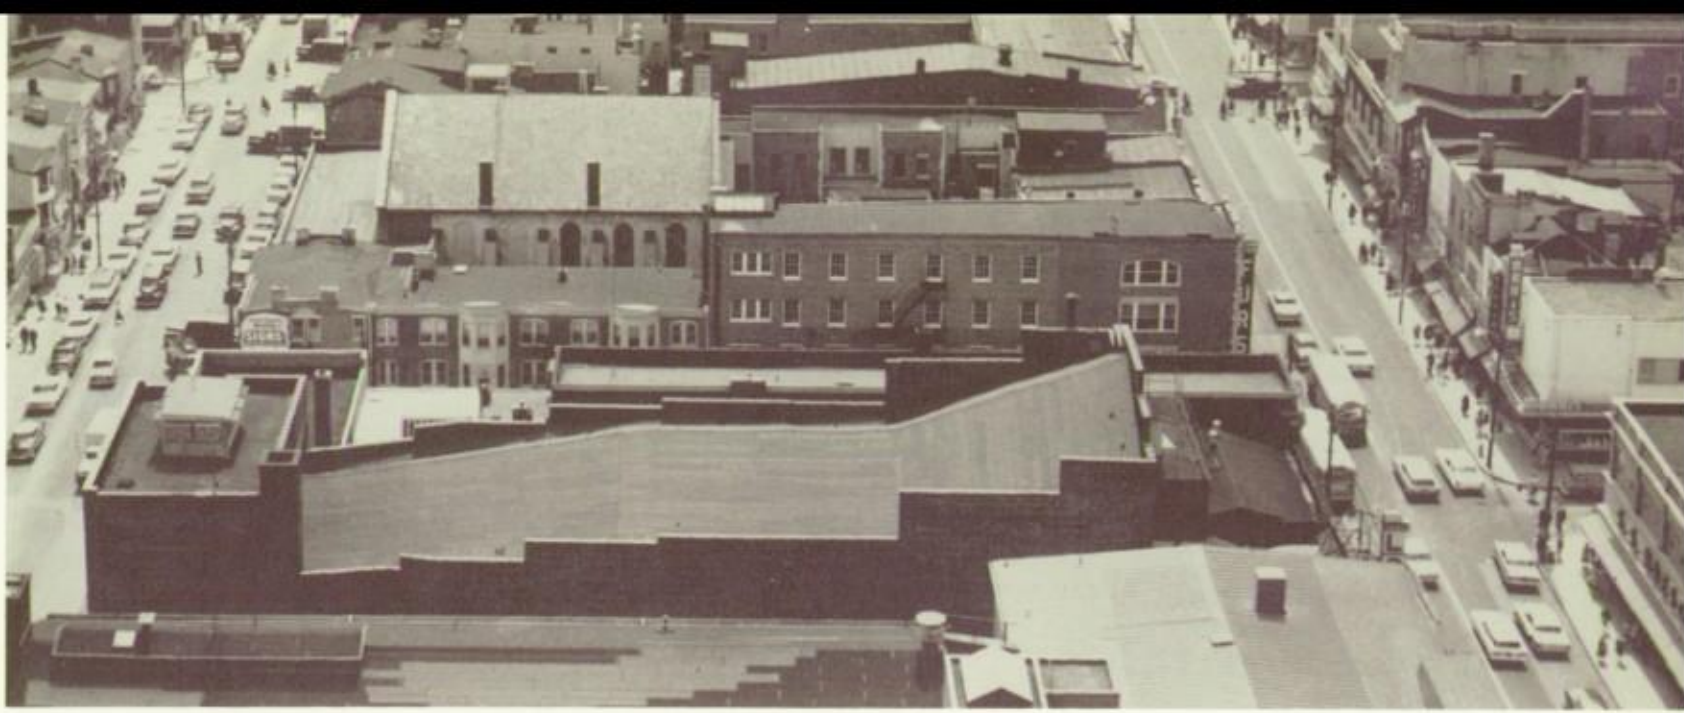

On a few days something special happens to distinguish them from the usual . . . Student Day, Tag Day, or the day of a special dance. One day this winter was extraordinarily special . . . Feb. 20th—the day John Glenn orbited the world. That day we sat enrapt with the P.A. . . . some of us even watched TV . . . all of us were proud!

"Will it, or won't it, be three orbits?"

"I wish I could see him!"

Bird's eye view of a dating center—the movie theater.

"Two, please."

Dating . . . an indispensable part of the social life at A.I. . . . and Wilmington offers plenty of opportunities . . . movies, bowling, skating, the Playhouse . . . take your pick. Certainly no matter how A.I. changes in the future the tradition of dating will always remain an integral part of the school's social life.

She's wondering . . . my diet . . .
He's wondering . . . my budget.

The traditional good night.

Student Council

Bill Gordon
President

We, Americans, believe that democracy should be the guiding principle in all phases of life. The Student Council provides the medium for this at A.I. Representatives are duly elected; and the spring election of officers is one of the highlights of the year. The Council meets weekly to debate and decide on problems concerning the student body. The bi-monthly council meetings on stage give the students at large a chance to express their opinions.

The Honor Society sponsored by Dr. Charles Nash has found many ways to help the members of the student body. The most notable of these efforts is the establishing of a tutoring service. Marching Band

"Kick higher! Straighten up those lines!" boomed Mr. Frank Wickes' voice through his megaphone. These were familiar words to seventh period classes within hearing distance last fall. The marching band was diligently practicing its half-time entertainment. Football games were enlivened by the various novelty shows, dances, and a precision drill performed by the band during the season.

At this point, there's no turning back.

Concert Band

After football season, the band turned to more cultural practices. Tryouts for concert band were held by the newly-formed band council.

A new points system for grading was devised this year under which each member earned points for attendance, practice, co-operation, and the condition of his instrument.

The evaluation assembly began a challenging season for the concert band. Difficult music was introduced later for the concert given with the University of Delaware wind ensemble.

Varsity Cheerleaders

The Cheerleaders play an important part in our athletic program. With the addition of four boys to the group, this year's squad has been one of the most successful. They have boosted school and team spirit by decorating the locker rooms, making posters, and leading the student body in colorful and humorous pep rallies. Their pep and hard work was richly rewarded by the attendance at games and the fighting spirit shown by the boys.

Yearbook Staff

Between the covers of the 1962 Alexis, the Staff and I have attempted to capture the spirit of our school and community life.

We have worked hard to complete the Alexis fighting such elements as ill-timed deadlines, slow photo processing, and copy arguments. But now that the final pages have been sent to Dallas and the final battle fought, we have recovered to find ourselves wishing it were September, 1961 again. Thanks go to all who have taken part in the preparation of this year's Alexis, and especially to our advisors without whom we could not have managed.

The Staff and I present the 1962 Alexis to you, the Student Body, and hope that in future years it will recall all the memorable events that were the 1961-62 school year.

"Should we show them how to dance?"

The International Club really lives up to its name by recruiting the exchange students each year to share their knowledge and experience with the members of the club. Besides talks by the exchange students from A.I. and from other Wilmington schools, the club plans discussion programs and reports by the club members. The International Club also works to raise funds to help bring exchange students to A.I. each year under the A.F.S. program.

"I wish they would speak slower."

The key to peace is understanding. Our exchange students, Pia Treschow from Sweden and Werner Holzschuh from Austria, have spent a wonderful year with us in quest of understanding. We hope they have come to a clearer understanding of America. We are sure that we have a better understanding of the philosophy of their countries. Who knows? Perhaps, because of Werner and Pia, the day of peace is just that much closer.

Pia and her American family—Maureen, Carol and Jimmy.

John and Werner—two of a kind.

Varsity Football Team

Has one of its best seasons

Under the guidance of Mr. Robert Sierer, head coach, and his assistant, Mr. John Bushman, the Tigers have recorded one of their most successful seasons. Led by Harry Wilkinson and Paul Blevins, co-captains, the team worked hard and displayed outstanding sportsmanship and team spirit. Their efforts on the field were richly rewarded by the enthusiastic support of the student body.

Combining a smooth offense with a rock-ribbed defense the squad rolled up a total of one hundred and sixty-nine points, an average of twenty-four points a game, while allowing the opposition only fifty-two points for an average of seven points a game.

The traditional Thanksgiving Day game with Claymont was held this year on A.I.'s home field. An overflow crowd witnessed an exciting game. At the end of three quarters Claymont had ground out a 13-0 lead, but in the fourth quarter the Tigers came back to score seven points and were threatening again when time ran out. It was a hard fought game and we were all proud of our Tigers . . . especially Lex.

Ninth Grade Football Team

The Ninth Grade Football Team, coached by Mr. James Lovall and assisted by Mr. Edwin Zippe, compiled a 1-4 won-lost record. However, this record is not indicative of the type of ball played. Among the four defeats were several cliff-hangers and with better luck the season log could have read 3-2. It should be remembered that the ninth grade team turns out the future ball players for the Varsity with basic fundamentals as well as playing experience being gained at this time.

7th & 8th Grade Football

The 7th and 8th Grade team, coached by Mr. Henry Cowell and Mr. Samuel Frankel, was organized to introduce the Junior High boys to the regulation plays and teamwork of football. They practice every afternoon after school and often compete in intramural games. Mr. Lovall is looking forward to having some of these boys on the ninth grade team next year.

Hockey Team Wins 24 Straight

Co-Captain Pam Casella, Coach Joanne Kuhn, Co-Captain Myra Campbell

Co-Captains Myra Campbell and Pam Casella led their team on to its third undefeated season with the final victory over Mt. Pleasant. Such a record could not have been achieved without the excellent coaching of Miss Joanne Kuhn. The defeat of Dickenson gave A.I. an undisputed first place in the newly formed Girls' Suburban Conference which is composed of six teams in the Wilmington area. The presentation of the Girls' Suburban Conference Trophy marked the end of the hockey season.

"I dibs the last three oranges!"

The Junior Varsity Hockey Team continues to be an excellent opportunity for girls to gain experience in the game of hockey. This year's team showed much potential and will provide future varsity squads with many outstanding players.

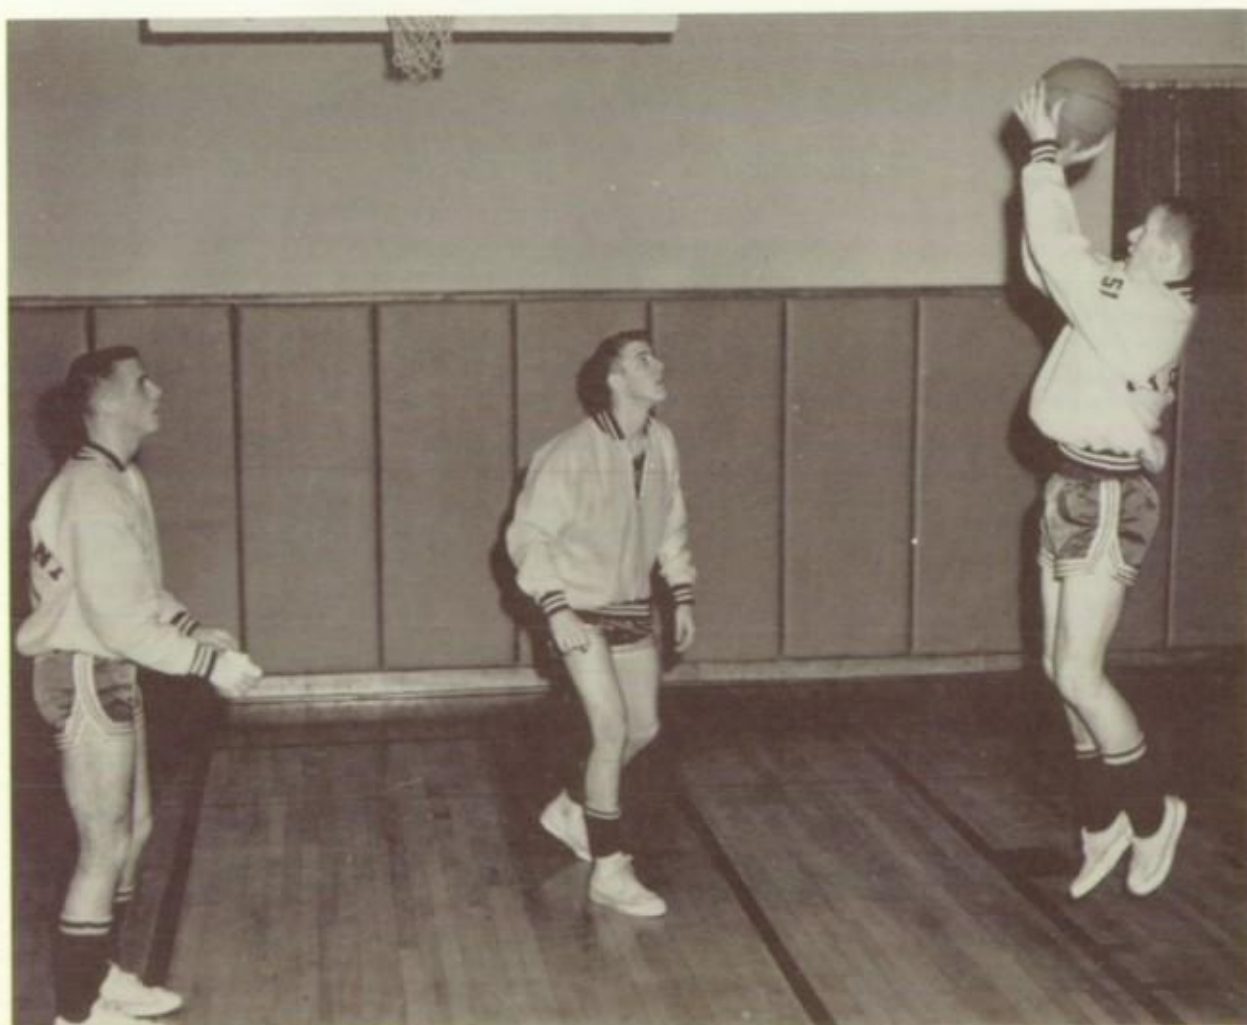

FIRST ROW: Beverly Bethard, Judy McDermott, Pat McCann, Sue Roser, Mary Castle, Sharon Kane, Linn Storm. SECOND ROW: Ann Scott, Effie Hall, Gail Dick, Jan Donnan, Wendy Ingersoll, Penny Miller, Kathy O'Neill, Carol Foster, Penny Pickering. Varsity Basketball

This year's boys' varsity basketball team had a season full of pep, and a lot of school spirit behind them. Under the leadership of captain Sam Cupp, the team's starters all had more than a hundred points this season. Despite the team's overall lack of height, the boys made up for this with some fine playing, and will have almost all of their regular starters and high scorers back next year.

LEFT TO RIGHT: Ronnie Kent, Ward Cross, Steve Hayes.

J.V. Basketball

Under the direction of Coach Frank Wickes this year's J.V. team has been more successful than in recent years. With prospects like this, we are looking forward to a bright future when these boys are playing Varsity ball.

THIRD ROW: Miss Kuhn, (coach), Kristi Hager, Peggy Wirs, Lynn Silvious, Lynne Montgomery, Sue Fetter, Lynda Stuber, Maureen Ward.

Girls' Basketball

The girls' team compiled a very successful season by winning six out of nine games. This record won the girls second place in the Girls' Suburban Conference. The girls attribute their successful season to hard practice, the sparkling leadership of co-captains, Jane Davis and Nancy Winde, and the expert coaching of Miss Joanne Kuhn. Their one hindrance was the inexperience of the players. Next year with seven returning lettermen, nothing will keep them out of first place.

"I HATE late practice."

Ninth Grade Basketball

Under the coaching of Mr. Edwin Mason, the boys of the ninth grade basketball team compete against various teams in the area. These boys have the desire to win and their improvement over the previous year has been encouraging. Coaches Bushman and Wickes can look forward to having these boys on the future Varsity and J.V. teams.

Seventh and Eighth Grade Basketball

FIRST ROW: Robert Stuber, Darryl Copper, Richard Aldred, Jim Ogorek, Barry Wallace, Greg Aldrich. SECOND ROW: Bob Dorsey, Richard Slavin, Jim Monkman, Tom Brown, Gary Cazier, Bob Forwood, Paul Smith. THIRD ROW: Ben Winton, Richard Barnes, Robert Schmidt, Robert Purcell, Jim Ward, Clyde Baldwin.

The seventh and eighth grade basketball team was organized to promote the learning of the skills and teamwork involved in basketball. The boys practice every afternoon under the direction of Mr. Henry Cowell. While they do not play other schools, the boys enjoy playing intramural games.

Cross Country Team

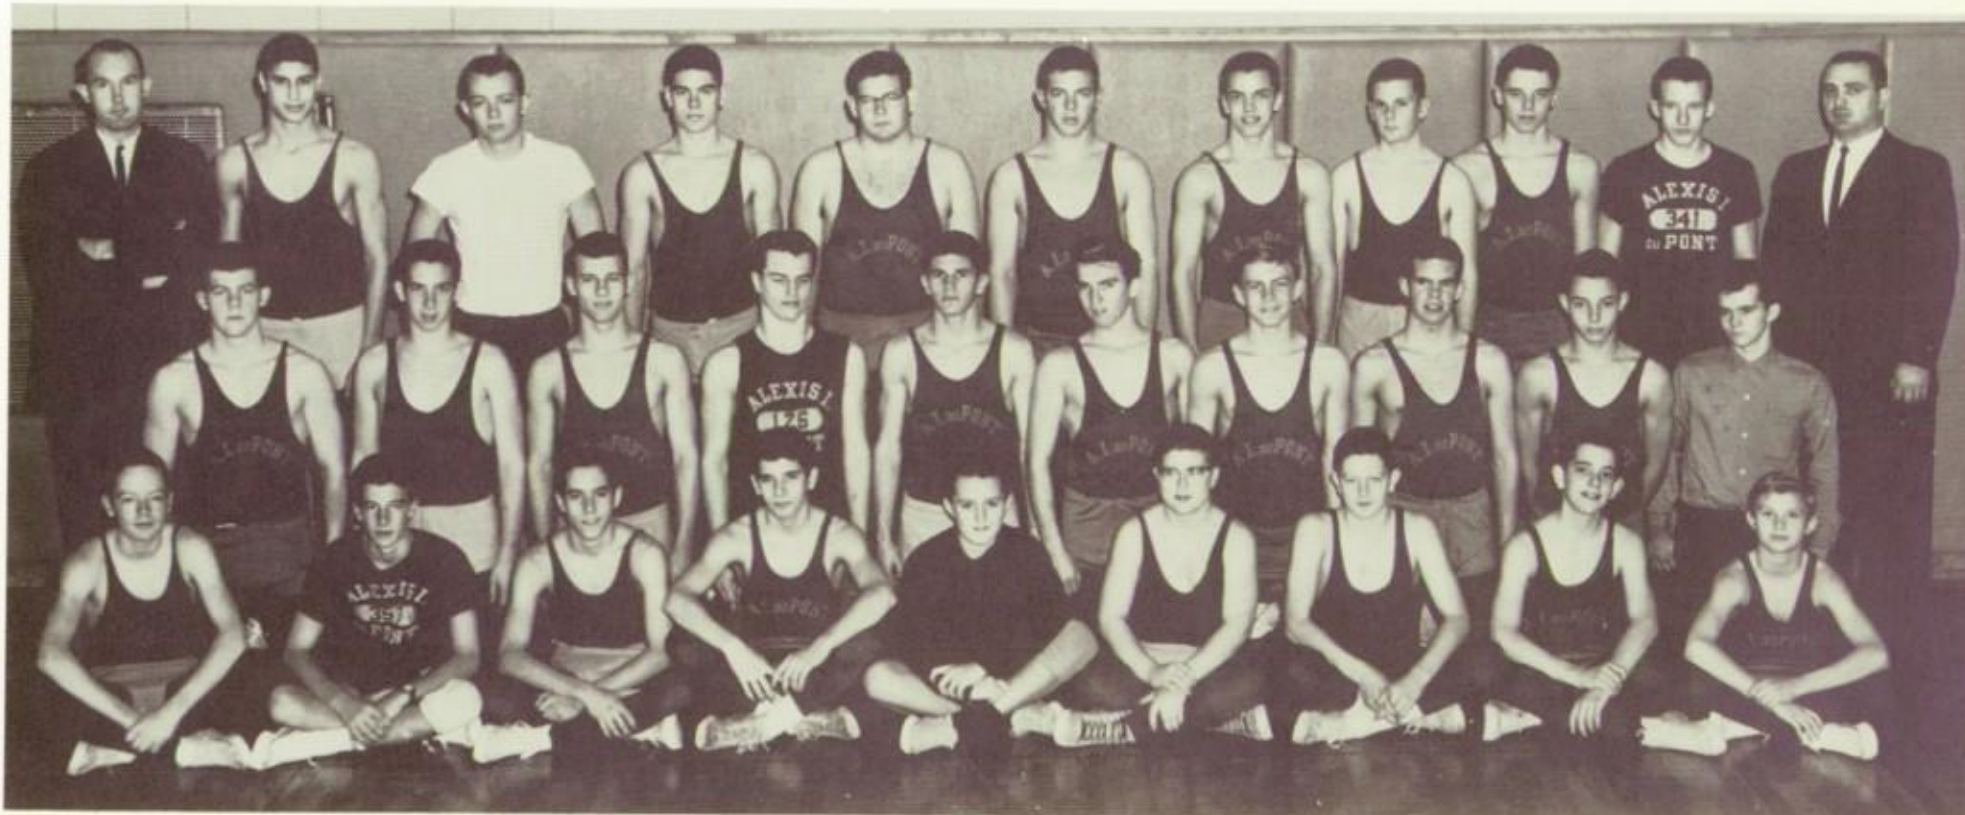

This year, Coach Wilson Hoopes has led the Cross Country team to one of its finest seasons. With the pace set by the Feist brothers, the team lost only two meets. Next year's record should prove to be even more successful although three seniors will have graduated.

FIRST ROW: Jim Parmentier, Ward Cross, John Goodwin, Tom Flood, Jeff Feist. SECOND ROW: Mr. Wilson Hoopes, Ron Kent, Curt Brown, Jerry Feist, Steve Springer, Dick Ward.

Varsity Wrestling Team

Three years ago the wrestling club was organized by Mr. Robert Sierer. The following year the club was turned into a varsity wrestling team. Now in its second year of varsity competition, Mr. Sierer has made an effort to secure young members for the team so that experience will be a prime advantage in future years.

FIRST ROW: Fred Ayers, Bryon LaMotte, Dennis Brown, Ted Messina, Jamie Thompson, Pete Schuyler, Bob Castona, Tim Taylor, Albie Forwood. SECOND ROW: Steve Beck, Bruce Chipman, Toby Eichbaum, Lou Dische, Jerry Feist, Cleveland Hitch, Jeff Dobbs, Steve Springer, Paul Storm, John Foulk. Administration and Faculty

RODNEY SQUARE

One does not have many memories as far back as his days in High School when he has graduated from that institution as many as forty plus years ago.

However, there comes to my mind the poem "Abou Ben Adhem" which I recall reading somewhere around the ninth grade and which made a most lasting impression upon me. I'm not sure that I could recite it correctly even though its lines have never left me. Its underlying philosophy is needed more and more in our world filled with mistrust and man's lack of respect for his fellow man.

It seems that Abou Ben Adhem ("May his tribe increase") awoke one night from a deep dream of peace to find an angel writing in a book of gold. Abou questioned him as to what he was writing. The angel said, "The names of those who love the Lord." "Is mine one of them?" said Abou. "Nay, not so," replied the angel. "I pray thee, then, write me as one who loves his fellowmen," cried Abou. The angel wrote and vanished. The next night he came again and showed the names of those who loved the Lord and, lo, Ben Adhem's name led all the rest.

Our world today needs to have an increase of Abou Ben Adhems who love their fellowmen regardless of race, color, creed, or nationality, in order that we may bring a semblance of lasting peace.

MAY THERE BE MANY MORE BEN ADHEMS GRADUATING FROM ALEXIS I.!

As I listened to Helen Brooks tell of her experiences in Norway this past summer with the American Field Service and what they had meant to her, I thought of the wonderful opportunities and challenges for the youth of your generation. Local, state, and national citizenship is no longer sufficient. You must, indeed, be citizens of the world with an understanding occurring when nations and peoples work together with high ideals and purpose. As the world grows smaller because of improved communication we can work towards the ideals so beautifully stated in this ancient Sanskrit quotation: "Walk together, talk together, O ye peoples of the earth; then and only then shall ye have peace."

MRS. CHARLOTTE TINGLE

Mrs. Tingle is the private secretary of Dr. Thomas Howie. The main job of a private secretary is to relieve the boss of as much detail as possible. This is the job Mrs. Tingle performs so capably. Furthermore, she is a direct line of communication between Dr. Howie and all those trying to reach him. Also she is the co-ordinator of the business office and is responsible for solving all the daily problems that arise. Consequently, neither Dr. Howie nor the business staff could get along without her!

MRS. ELIZABETH CANNON

Mrs. Cannon performs a myriad of small but indispensable tasks in her position as the A.I. receptionist. She is our switchboard operator; she makes out purchase orders; and she requisitions school property and buses. Mrs. Cannon also is responsible for the main hall bulletin board and for receiving and depositing all money taken in by school organizations. However, Mrs. Cannon is best known as the person who always forgets to ring the bells on the eight period days. Wednesday wouldn't be the same without her.

MRS. ALICE BENSON

Mrs. Alice Benson is the secretary to Miss Marguerite Benthall and Dr. Cynthia Benzing.

Mrs. Benson's job as secretary is composed of many tasks. For instance, she is the person who types senior college transcripts. She is also the person who is responsible for keeping each student's personal folder up to date. Furthermore, Mrs. Benson is an invaluable aid to the individual students of A.I. She is the one who arranges appointments and offers information on college and job opportunities. It is for this reason that A.I. feels Mrs. Benson is indispensable.

Personnel

MR. WILLIAM CASSON, *Custodian*

Mr. Casson is the familiar face that helps hundreds of A.I. students across the Pike every morning. However, by the time these people see him, he has been at work at least an hour, for he is the man who opens the building. He is also the man who keeps us warm in the winter, cool in the summer, and well-lighted all year round. This is because he is in charge of the boilers, the ventilators and all minor repairs such as changing fuses. All in all, we'd be in shambles without him.

MR. EDWARD CALDWELL *Building Superintendent*

Mr. Caldwell is the co-ordinator of all custodians in the entire school district. This means that he is in charge of maintenance and repairs in the high school and both elementary schools. He is also responsible for all A.I. buses. All in all, we owe a vote of thanks to Mr. Caldwell. It is through his efforts that we don't have to worry about wading through knee-deep dust.

MR. CHARLES EMORY *Custodian*

Mr. Emory is Mr. Casson's general helper. He aids Mr. Casson in such tasks as shoveling snow and repairing the boilers. Furthermore, he is in charge of cleaning the entire new building. In addition to these vast responsibilities, he is our bus driver for all field trips and for sports. If it weren't for Mr. Emory, we'd be grounded.

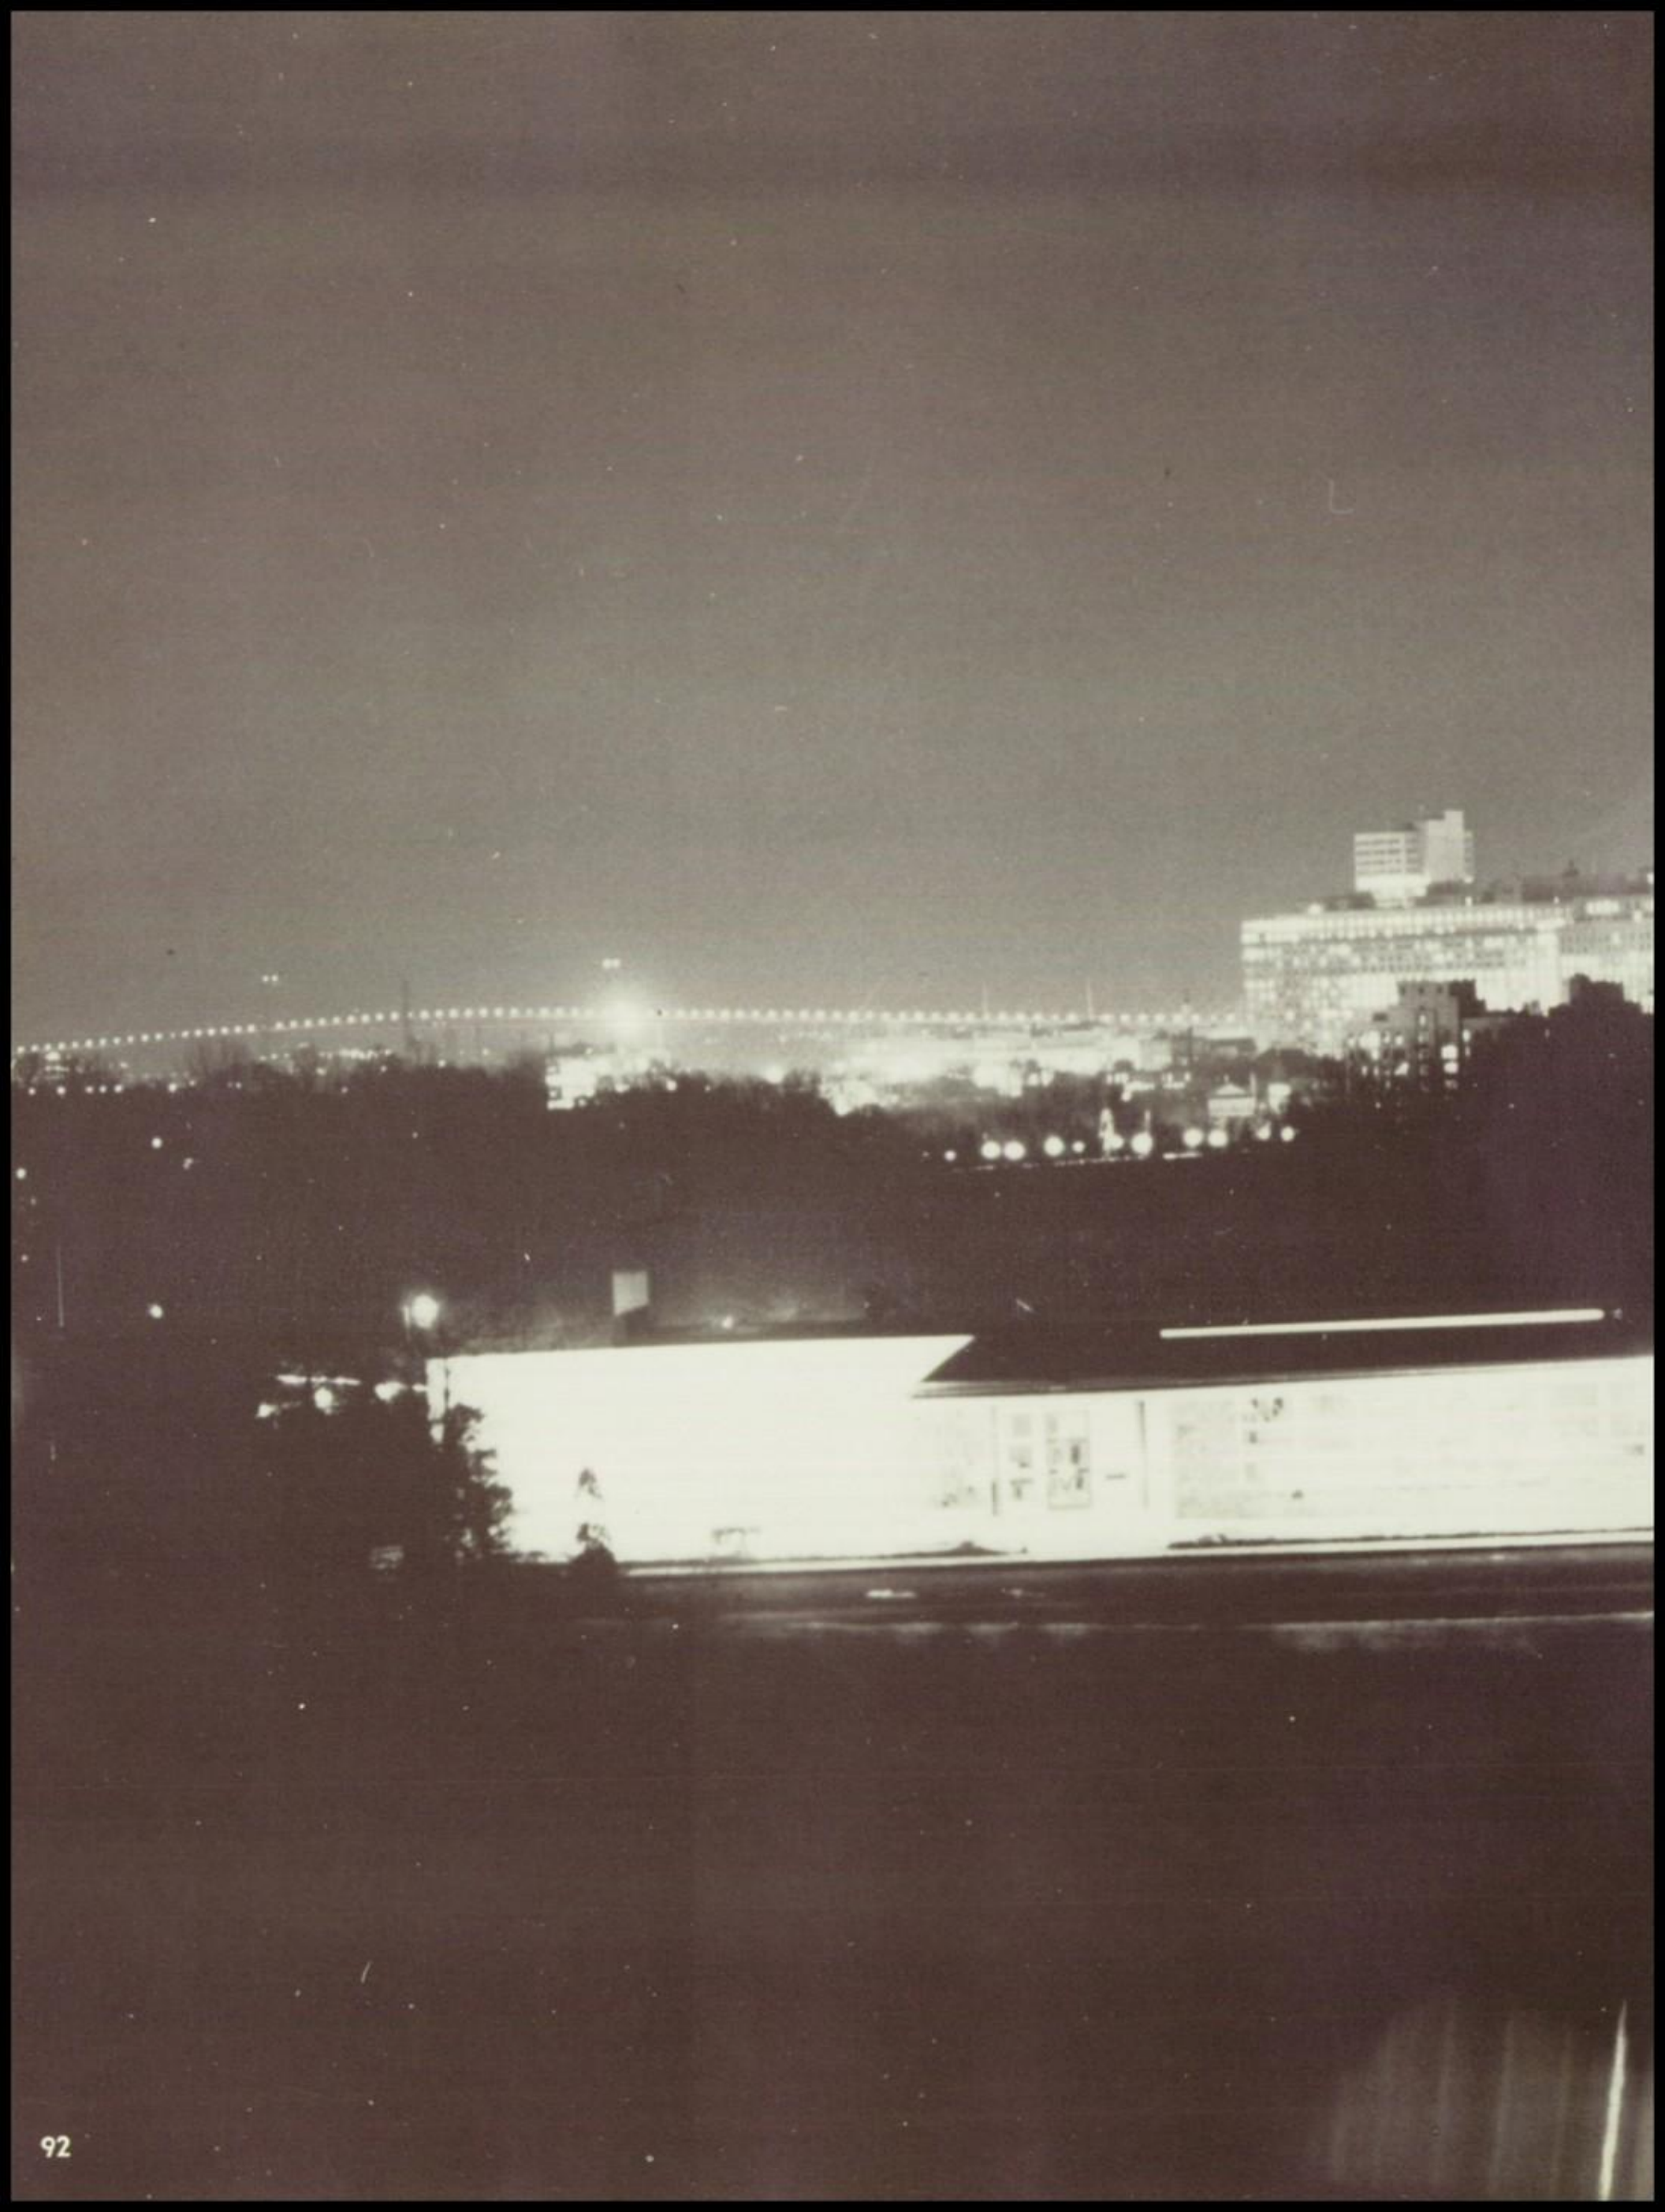

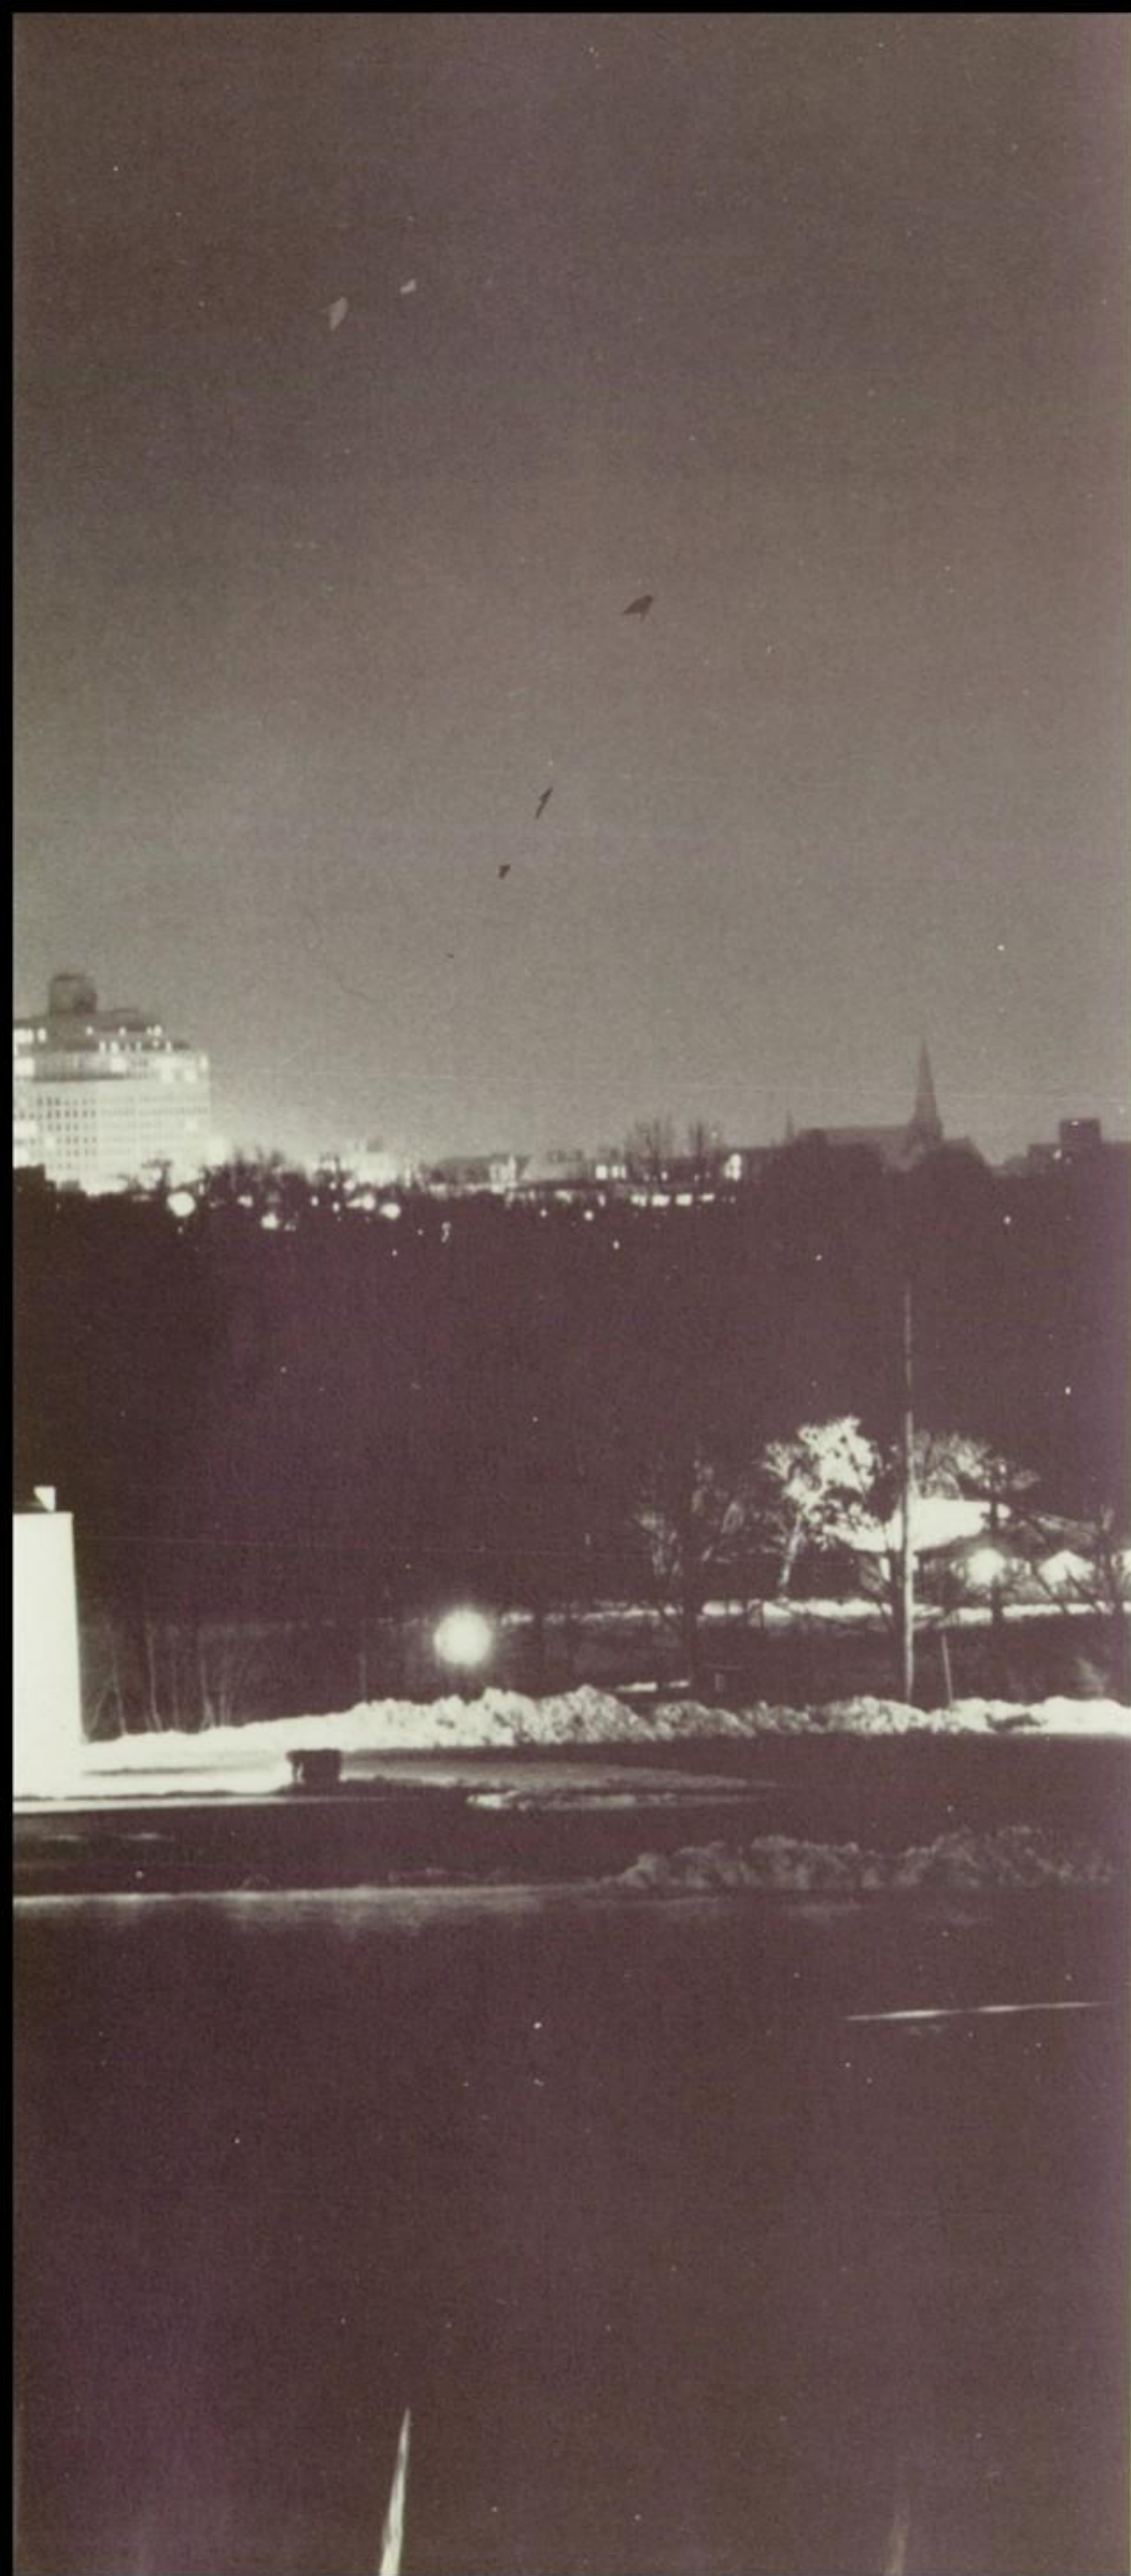

THE KITCHEN STAFF

The women who comprise the kitchen staff of A.I. perform a function which literally sustains the school. These women have a very important position at A.I. In addition to this, their job is the only one which requires a degree in bravery. It takes courage to feed the hungry mob which descends upon the lunch room every day at 11:11 A.M.!
